Welcome to the 7th International Conference on Advances in Civil Engineering (ICACE2024). Please have your abstract submitted by deadline.

Paper ID: 1150

TITLE AND ABSTRACT

* Title

* Abstract

This is a guideline of step-by-step instructions for submitting full paper in the microsoft CMT platform. As it does not have separate segment for abstract we had to collect abstract like a normal paper submission. Luckily the platform offers multiple file submission for one submission ID. So, we are using the same submission to take multiple files. The step of submitting full paper is:

2. Upload your full paper document (in DOCX format).

The screenshot shows a web browser window with the URL <https://cmt3.research.microsoft.com/ICACE2024/Submission/Details/1150>. The page has a header with navigation icons and a search bar. Below the header, there is a section for 'SUBJECT AREAS*' with checkboxes for Engineering Management, Environmental Engineering, Geotechnical Engineering, Structural Engineering, Transportation Engineering (checked), and Water Resources Engineering. The 'FILES' section below it states: 'You can upload from 0 to 4 files. Maximum file size is 50 Mb. We accept doc, docx formats.' A large dashed box contains the text 'Drop files here -or-' and a button labeled 'Upload from Computer'. A red box highlights this button, and a red arrow points to it from a text box that says 'Upload File by clicking this option and selecting your file.' At the bottom of the 'FILES' section are 'Save changes' and 'Cancel' buttons.

3. Name the document as follows: Fullpaper_paperid.docx, where “paperid” represents your submission’s unique identifier.

The screenshot shows the same web browser window as before. In the 'FILES' section, a new file 'FullPaper_1150.docx' (0 byte, 7/29/2024, 5:20:46 PM) has been added, indicated by a red box and a red arrow. The text 'New file added' is also visible in a red box. The 'SUBJECT AREAS*' section remains the same. The 'FILES' section still shows the 'Drop files here -or-' text and the 'Upload from Computer' button. At the bottom are 'Save changes' and 'Cancel' buttons. An 'Activate Windows' watermark is visible in the bottom right corner.

d) Submit the Changes:

1. After uploading the full paper, review your submission details.
2. Confirm that both the abstract and full paper are correctly attached.
3. Save your changes.

The screenshot shows a web browser window with the URL <https://cmt3.research.microsoft.com/ICACE2024/Submission/Details/1150>. The page has a header with navigation icons and a search bar. Below the header, there is a section titled "SUBJECT AREAS*" with a list of checkboxes for different engineering fields. The "Transportation Engineering" checkbox is checked. Below this, there is a "FILES" section with a message indicating the upload limit (0 to 4 files, 50 Mb max). A file named "FullPaper_1150.docx" is listed with its size (0 byte) and upload time (7/29/2024, 5:20:46 PM). Below the file list, there is a dashed box containing the text "Drop files here" and "-or-" followed by a button labeled "Upload from Computer". At the bottom of the page, there is a "Save changes" button, which is highlighted with a red rectangle, and a "Cancel" button. The "Activate Windows" watermark is visible in the bottom right corner.
